The Mid Atlantic .90 Association will mark its 11th full season with all three series combined in 2023. Even though some of the series have been together much longer, the series itself got started in 1993 with the Super Gas Series and has grown into what it is today. The main purpose of .90 Series is for racers to sharpen their skills on the off weekends from the NHRA tour. The 2023 season will feature 10 races on 5 different weekends to help racers offset the cost of towing. We will offer 1 race on Saturday and 1 on Sunday and will run all 5 weekends around the Northeast Area.
